

## 4th conference Trenton 1990

Al, **K2UYH**, made an offer for the Fourth International EME Conference in 1990. The conference was held in New Jersey on the campus of Trenton State College in Ewing, NJ (now The College of New Jersey). The conference was co-hosted by the Pack Rats VHF Radio Club. The conference provided a good balance between formal technical and poster sessions and times when people could interact. N4HY was the banquet speaker and talked about the use of digital signal processing for EME! The conference had an excellent world wide turnout with 3 JA's , VK and Europe well represented
